

# Model:AA3074

## ELECTRONIC NOISE FILTER

# RESPONSE

The filter itself arrests any noise on the DC power supply to car stereos, CBs etc better than ever. Most importantly it enables the installer to mount the unit without drilling mounting holes. You can secure this unit with either short or long cable ties. It will also "saddle" on a wiring loom if necessary. Has 10A rated + & - DC leads and separate earth lead which should be terminated to chassis.

### Wiring connections are:
